## The Waterford Fair.

The steady down pour of rain, Friday forenoon, made things look bleak for the World's Fair at Waterford. Little could be done in the forenoon but the abating of the rain about noon helped things out and in the afternoon preparations were carried on getting in readiness for Saturday. Fakirs got on to the grounds, exhibits were being arranged and as Saturday morning proved a good one and looked like a good day the fair went on in good shape. People came in from all directions and before noon there was a good sized crowd of probably from 600 to 800 people in attendance. Of course the program of entertainment was somewhat altered but Saturday's fair was a good success.

**The Exhibits.**

At the schoolhouse there were two good Grange exhibits in one room, those of Bear Mountain and Waterford Granges. In the other was a miscellaneous exhibit of farm productions, fancy work, and millinery.

The exhibit of Bear Mountain Grange occupied a prominent position on the southern side of the room. The wall was decorated in a neat and tasty manner with various fancy articles. Many of these things were without name. Of those whom we were able to ascertain the name of the owner were the following: Mrs. H. F. P. Smith had numerous articles including a petticoat made in 1887; 170,000 collected stamps; quilt and apron; Kappa basket, Ida G. Abbott.

A large lot of handsome sofa pillows were shown. These belonged to Mrs. L. H. York, Mrs. C. H. Hamblen, Helen H. Rice, Laura K. Stearns, Mrs. Riggs, Mrs. M. Monroe, Mrs. H. F. P. Smith, Blanche spun and woven by Mrs. Philo R. McKinney; petticoat, Mrs. L. E. McIntire; dolly, Mrs. H. F. P. Smith; towel, Mrs. L. R. McKinney; paper weight, paper cutters and candle sticks, Mr. Monroe; two mounted owls, L. Merrill; rifles, sword, etc., from San Juan battlefield, M. Monroe. Quite a collection of apples was seen. Chicago Society Woman Who Was So Sick She Could Not Sleep or Eat, Cured by Doan's Kidney Pills.

When a woman's kidneys go wrong, her back gives out and every little task becomes a burden. She is tired, nervous, sleepless, run down—suffers daily from backache, headaches, dizzy spells, and bearing-down pains.

Don't worry over imagined "female troubles." Cure the kidneys and you will be well. Read how to find the cure.

Marion Knight, of 33 N. Ashland Ave., Chicago, Ill., member of the Chicago Federation of Musicians and a well-known club woman, says: "This winter when I started to use Doan's Kidney Pills I ached in every bone and had a intense pain in the kidneys and pelvic organs. The urine was thick and cloudy, and I could barely eat enough to live. I felt a change for the better within a week. The second week I began eating heartily. I began to improve generally, and before seven weeks had passed I was well. I had spent hundreds of dollars for medicine that did not help me, but \$8 worth of Doan's Kidney Pills restored me to perfect health."

A FREE TRIAL of this great kidney medicine which cured Miss Knight will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

### Sick Only One Week.

Our community was greatly shocked and surprised to hear of the sudden death of George Dresser, younger daughter of Mr. and Mrs. Jacob Dresser. She came home from North Bridgton school the 27th of September not feeling well, and complained some of sore throat, and grew worse until she died Sunday, Oct. 8th. The physician had called it tonsillitis, but now they say it was black diphtheria. The deceased was 14 years of age, was a good smart girl and had a great many friends far and near, and everyone could only say good things of her.

The burial took place Monday a. m. Beside her parents she leaves one sister who will greatly miss her, and a great many relatives and friends.

As Mrs. Annie Hazelton looked out the window she saw a very large hawk on the ground, in the field front of the barn. She quickly got her rifle, went to the door and fired but with no intention of killing the bird as he was so far away, but to frighten it away, and as it rose to fly it carried a chicken nearly two-thirds grown for a piece, and as Mrs. Hazelton was close at hand it was obliged to drop it. Mrs. Hazelton picked up the chicken which seemed most dead and went to the shed and got an axe to cut chicken's head off, and had held his head on the block with one hand and the other hand raised to strike the head as "I am to say 'I am not dead,' so consequently saved his life for when she put him down he ran off and not a scratch on it only blood came from his mouth. The chicken is very well now.

## BETHEL.

### Friends of Gould Academy.

Gould Academy and its recent good fortune has been a central topic of conversation in Bethel this week. After ten years of faithful and efficient service, in which the attendance of the school had twice doubled, Prin. F. E. Hanscom had twice hoped and aspirations for the school's future.

For two or three years it has been almost impossible to accommodate the increasing number of students, but this problem is now solved in a measure, by the purchase, Saturday, by Hon. L. E. Holden of Cleveland, O., of the Bowler estate on Church street, formerly known as the C. R. Wiley homestead, comprising one of the largest and best sets of buildings in Bethel. Mr. Holden will immediately transfer the property to Gould Academy and in the near future the house will undoubtedly be enlarged and remodeled for a home for the girls of the school.

Mr. Holden was bred amid the hills of Oxford County, and more than fifty years ago, laid the foundation for his education, and for an eminently successful business and professional career at Gould Academy. During all these years he has cherished in his memory the lessons of love and loyalty taught him at his home. It will be remembered that Mr. Holden three years ago principal of the school, and his new gift places him in the forefront of all Gould Academy's benefactors, and will endear him more than ever to teachers, students and the friends and well wishers of Gould Academy.

This new acquisition gives to the academy all the land fronting on Church street between High and Summer streets enlarges the campus and gives space for new buildings should they be acquired by the school in any time. The school was never in so prosperous a condition as at present. The new Normal course is very popular and supplies a long-felt need and there are other good things in store for the school we live Mr. Holden and Gould Academy!

On leaving town, Monday morning, Mr. Holden was given a pleasant send off at the station by the presence of Prin. Hanscom, teachers and the cheerers of the school. Many were the cheers they gave him intermingled with their school yell. It drew from him a few remarks of golden value to any young person who is starting on a life's career, which were much appreciated by the school and many of its friends who had congregated to see the kind old man who, not only remembers that he was once young but was once a student of Old Gould.

The autumn tints are becoming beautiful.

The biting frosts as yet have passed us with a light hand and many of the beautiful summer flowers are still with us.

Wednesday morning saw all vegetation a black eye, by a crusty little freeze with snow seen on tops of mountains toward the north.

Mrs. Sarah (Duch) Upham of Boston and Miss Stuart, wife Katie B. Barker of South Paris recently called on some of their old friends of 47 years ago when students at Gould Academy.

The G. T. R. Co. is doing a long needed job of filling and raising the street at each end of the overhead bridge. It is hoped the good work will continue at the first crossing above the village near the A. L. Burbank farm.

The soldiers monument will stand on the heater formed by the junction of Maine and Mechanic streets on the outmost point of Eli F. Stearns front lawn on old site of band stand. Fred L. Edwards buys the lot and presents it to the association. The spirit of '61 and '65 which prompted Capt. Clark S. Edwards to leave a pleasant home to help maintain his country's honor, doubtless would have been repeated by the son had occasion called.

# Business Chance in a Lumber Investment

There is no better form of investment today than in virgin lumber. Good timber land is exceedingly scarce and it is being sought for and snatched up by the big corporations. It is a well recognized fact that our forests are rapidly being cut away, and in truth to such an alarming extent that the government is taking steps to prevent it. We have purchased the control of a tract of timber land containing 2,770,240 cords of PULP, 507,000,000 feet of SAW LOGS.

We have organized a company for the purpose of developing this tract and conducting a lumber manufacturing business. The capitalization is one million (\$1,000,000) dollars, divided into one hundred thousand shares at a par value of (\$10.00) dollars each. Subscriptions will be received for a limited amount of stock at (\$5.00) per share. This stock will undoubtedly pay from 5 per cent. to 50 per cent. dividends the first year. Allotment of shares will be made pro rata and order received before 8 o'clock, noon, October 31st, 1907. Applications for shares should be accompanied by check, postage or express money order, for at least 25 per cent. of amount of subscription, balance to follow when allotment is made. Company's receipts will be issued for all moneys received. Write, telephone or visit our reservations at once. Application blanks and prospectus furnished on request. We invite the closest inspection.

**Eat What You Want.**  
Science Has Now Found the True Way to  
"Cure Indigestion."  
A few years ago, when a sufferer from  
indigestion went to a stomach specialist,  
the result was a rigid diet that almost  
meant starvation.  
But the first thing to do in the case of  
indigestion or stomach weakness is to  
strengthen the muscular walls of the  
stomach and intestines, so that they will  
care for the food that is eaten. In no  
other way can this be done as well as by  
taking a M-C-O-A tablet before each meal.  
This restores strength to the stomach  
muscles and stimulates the pouring out  
of gastric juices, so that the food is di-  
gested readily and its nourishment re-  
tained in the system to build up energy  
and vitality.  
Do not think the sick headache, heart-  
burn, bad taste in the mouth, coated  
tongue, spots before the eyes, sleepless-  
ness and the many other symptoms that  
are the direct result of indigestion, will  
go away of themselves. The stomach  
must be built up and strengthened by  
M-C-O-A before you can be well and  
strong, free from suffering and distress.  
The guarantee that Noyes Drug Store,  
Franklin, Prop., gives with every  
5-cent box of M-C-O-A is that if the  
money unless the remedy cures, shows  
their confidence in the treatment. 40-41
